FOOD DONATION GUIDE

Certain foods are not suitable for donation because of safety concerns. These foods include:

- home-canned, vacuum-packed, or pickled foods
- foods in dirty containers
- foods past a “use by” date, unless frozen
- foods in sharply dented or rusty cans
- foods in opened or torn containers, exposing the food to potential contamination
- unpasteurized milk
- foods with an “off” odor
- foods prepared, cooked, cooled, or reheated at home

*When in doubt, throw it out.*
