HOME TEAM HARVEST

northwest HARVEST

For more than 25 years, Washingtonians have come together through Home Team Harvest to support their neighbors, strengthen their communities, and help ensure everyone has enough to eat.

This year, we're working toward a $5 million goal and inviting people across the state to show up in the ways that work for them. Whether you contribute food or funds, volunteer your time, rally your community, advocate for a hunger-free future, or help spread the word, every action helps build a stronger Washington.

JOIN WASHINGTON'S SEASON OF COLLECTIVE ACTION TO END HUNGER.

Give. Volunteer. Host. Advocate. Amplify.
