

NORTHWEST HARVEST

Host a Food & Funds Drive

Join us in the food justice movement by hosting a food and funds drive!

Northwest Harvest's **Food Drive Program** centers the community partners who ultimately receive the food that is donated.

How to Host a Drive:

- 1. Plan your drive:** Get creative! Will you host a competition at your work or school? A one-time collection at an event? Food and fundraising events are a great way to build community and support equitable access to food across Washington.
- 2. Select a date for your drive:** Food is needed year-round – consider holding a drive to benefit kids during the spring and summer months, when supply is especially low.
- 3. Register your drive with our Food Drive Team:** If requested, a Northwest Harvest team member will then contact you to confirm details and provide support and resources.
- 4. Deliver your donations to one of our regional locations:** We have limited transportation capacity, and we are unable to deliver supplies for food drives. We consider your delivery as a part of your donation and only offer pick-up on a limited basis.

Where will your food go? After donations arrive at our warehouses, they are quality checked and packaged for distribution to our network of 400 food programs throughout the state, including our own SODO and Fruitvale Community Markets.

Thank you! By supporting the work of Northwest Harvest, you help build access to nutritious food for all those in Washington.
